Dear Ms Aharfi,

Re: Dr Simon Baylis
DOB: 1988-12-24
Address: 164 Mckean Street, FITZROY NORTH, VIC, 3068

Dear Helen,

I would be grateful if we could arrange Ustekinumab for Simon. Simon is a doctor who recently had a complex resection at SVPHM with Michael Johnson. He has had prior AZA (years ago), recent budesonide (ceased post op). I would be grateful if we could arrange STEQEYMA at SVPHM for him in next ~ 3-4 weeks. 8 weekly under CDAI. Biologic screen is available on SV path 22nd JAN. he is 100kg, 177cm. His crohns is of penetrating phenotype.

As he has had a resection I think 8 weekly regular dose STEQYEMA is appropriate

Yours sincerely,

A/Prof Chamara Basnayake
