FOCUS GASTROENTEROLOGY

23 April 2026

Mr Uri Hanegbi

Dear Mr Hanegbi,

Re: Mr Michael Debinski
DOB: 1956-04-11
Address: 34 Delbridge Street, FITZROY NORTH, VIC, 3068

Thank you for seeing Michael, who I understand has been in your care previously. As a workup of abdominal pain and sweats we discovered a necrotic lymph node mass in his mesentery. CT abdominal PET CT as a part of this workup have suggested potential Renal Cell Carcinoma. I have attached the PET CT Report below. I have referred him to Prof Hang Quach for assessment of his lymphoma.

Please feel free to contact me if you require any further information.

Yours sincerely,

A/Prof Chamara Basnayake
Gastroenterologist

CC: Dr Andrew Osborne
